Quickpicks™
Professional Floral Stemming Machine

New and improved!

Heavier, Smoother, Faster... Better!

Quicker Picker – pick 60+ stems per minute with smooth, easy lever action. Professional build quality. Heaviest and most stable steel pick machine on the market. Pick up to 500 stems before having to reload. Powder coated cast steel construction will provide a lifetime of trouble free service.

- Create arrangements quicker than ever with fresh, silk or dried flowers and greenery
- Quicker than wired wood picks
- Cast steel construction for a lifetime of service
- Cast steel jaws for a reliable, consistent crimp
- All working parts are made of steel
- Nickel-plated components to prevent rust
- Includes 200 picks
- Complete illustrated instructions
- Powder coated body for long lasting rust resistance
- Two-year warranty against defects

Refill Picks

60412 Handheld Pick Machine

The Color Packaging of the Quickpicks Line

Three easy steps to stem a flower...

1. Pull handle forward to advance pick

3. Pull stem out

2. Insert stem into jaws - push handle away to close pick around stem

Old vs New way to stem

The traditional way to pick a stem was to attach a wired wood pick by hand. With the Quickpicks™ machine, what used to take minutes now takes seconds.
